

First published in 1992, A Political Theory Primer is designed as an introductory course for students in the application of game theory to modeling political processes. Examining those very phenomena that power political machineries--elections, legislative and committee processes, and international conflict--the book attempts to answer fundamental questions about their nature and function. Included at the end of each chapter is a set of exercises designed to allow students to practice the construction and analysis of political models. Although the text assumes only training at the basic algebra level, the student who completes a course around this text will be equipped to read nearly all the professional literature that makes use of game-theoretic analysis. Each chapter also contains suggestions for further reading for those students who want to broaden their learning and expertise.

Uarda : a Romance of Ancient Egypt - Volume 04, Hairball the Snake (Volume 1), Radhikas Introduction to Hindu Gods, Chips on My Shoulders, A-Z Southern England Regional Road Atlas, Poemas para Vivir (Spanish Edition), Life Happens Volume 1: A Collection Of Funny Emails And Facebook Messages Dating From The 1980s To Current, Topics in Production Theory (Scandinavian Journal of Economics), 12 Danzas Espanolas (3 selections â€“ for orchestra): Full Score [A1581], Ultimate Dress Up Dolly Book,
