

Successful erotica writer Andrea Sparks is forced to hire a full-time bodyguard when a cult of violent, hateful conservatives stalks her and threatens her life. But handsome, super-competent ex-soldier John Shadow has a secret...one that threatens the love that is slowly growing between them. Andrea Sparks has finally made it big as an author--but the controversial nature of her writing has made her some enemies. An online group of religious-conservative "anti-fans" has taken her on as their special project--harassing her on and offline, stalking her, and finally running her car off the road and trying to burn it, killing her driver Marcie in the process. Enter John Shadow, former Green Beret intelligence specialist and seasoned professional bodyguard. He does a brilliant job--and in the margin of safety he wins back for her, she finds herself able to focus on something besides her fear again. But that something is Shadow himself, to whom she finds herself irresistibly drawn. But Shadow has a secret--one which is doomed to come out as soon as the moon grows full. AUTHOR'S NOTE: This is a stand-alone story with an HEA, so no cliff-hangers! Story contains mature themes and language, and is intended for 18+ readers only.
