

Love Sonnets from Elysium with beautiful illustrations and artwork: A collection of 50 of the most beautiful love sonnets in the Elizabethan (Shakespearean) structure of iambic pentameter. These sonnets explore practically every conceivable aspect of love. These poems delicately lace and entwine within their structure, the profound impact of love on all of us. Though quite sophisticated in language at times, these poems, when read over again and understood, have the simplicity of a ballad, which elucidates the bright side and dark sides of love, the happy side and sad side, the frustrating side---indeed every facet of love and its concomitant good and ill. Read them, enjoy them, treasure them. After reading these sonnets, your concept of love will not only be enhanced but also forever changed. Book Review Reviewed by Mamta Madhavan for Readers Favorite Love Sonnets from Elysium by Sir Renaissance is an exquisite collection of sonnets with the timeless theme of love. These love sonnets explore every aspect of love with all its shades and facets. The fine use of words and imagery gives it a richness that will enhance your feelings towards love. A lot of emotions revolving around love are captured and expressed beautifully. The inner intensity of the poets thoughts and feelings, and the artistic flair when it comes to expression, is noteworthy. The writing style and the rhyme scheme is effortless without sounding forced. These sonnets will tell readers that there is nothing to equal the driving power of love. These poems cover the full range of emotions and connect well. Form poetry is always difficult to write, mainly due to its restrictive quality. The writer often has to be disciplined and use his words within the parameters pertaining to the form chosen. In this sonnet collection, we see the authors expertise in adhering to the iambic pentameter which is one of the requisites while writing sonnets. The love poems in this collection have a softness and give a feeling of grandeur in their simplicity. The warm images and the romantic momentum works well. The colors and the thoughts that resonate in the authors mind have been put down beautifully. I liked the way the author has captured those little moments of love. The archaic usage of words in certain sonnets is reminiscent of the poems penned during Shakespearean times.
