

The purpose of this eBook is to help those who are at the beginning of their career find the right job by displaying the right skills through their resume. This book teaches you how to write a resume that puts your skill forward. You are selected for an interview because your employers can now see not only what you have done in your career or previous job, but also how you have done that. They get to know about your accomplishments in details. Thus they are able to figure out if you can truly solve their problem. With this eBook you will learn, how to show your skills in the way your employer would like to see. You learn to write a behaviour based resume apt for a behaviour based interview which is the current interview style. You also get the chance to see how your behavioural resume would look like if it is done by us.
