

Drawing on a gold mine of primary documents--including letters, diary entries, personal narratives, political speeches, broadsides, trial transcripts, and contemporary newspaper articles--The Boisterous Sea of Liberty brings the past to life in a way few histories ever do. Here is a panoramic look at early American history as captured in the words of Benjamin Franklin, Thomas Jefferson, George Washington, Andrew Jackson, Abraham Lincoln, Frederick Douglass, Harriet Beecher Stowe and many other historical figures, both famous and obscure. In these pieces, the living voices of the past speak to us from opposing viewpoints--from the vantage point of loyalists as well as patriots, slaves as well as masters. The documents collected here provide a fuller understanding of such historical issues as Columbus's dealings with Native Americans, the Stamp Act Crisis, the Declaration of Independence, the Whiskey Rebellion, the Missouri Crisis, the Mexican War, and Harpers Ferry, to name but a few. Compiled by Pulitzer Prize winning historian David Brion Davis and Steven Mintz, and accompanied by extensive illustrations of original documents, The Boisterous Sea of Liberty brings the reader back in time, to meet the men and women who lived through the momentous events that shaped our nation.
